

WHAT'S ON IN GRADE ART ?

WELCOME BACK TO ART 2018!

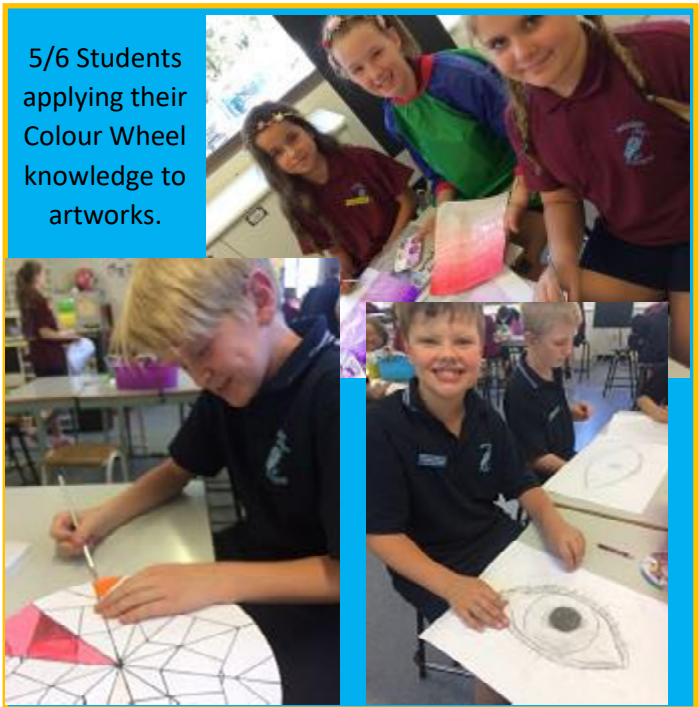

What an amazing year we have planned in the Art Room. We will be learning a lot of art theory, whilst creating some marvellous masterpieces.

This term we are working on Colour Theory and the Colour Wheel. We have quickly discovered that this is a HUGE topic and is quite a challenge. The 5/6 students have learnt about the 'Visual Light Spectrum' and they were quite confused at first. Wait until we teach them the difference between additive and subtractive colour systems!!!!

- ⇒ Our Prep students are working on the Primary colours and 'warm and cool' colours.
- ⇒ Our 1/2 students are working on the Primary, Secondary and Tertiary colours.
- ⇒ Our 3/4 students are working on the entire Colour Wheel, tinting, shading and toning.
- ⇒ Our 5/6 students are working on the entire Colour Wheel and the 5 major types of colour schemes.

It may seem really premature, however, we are working on our projects for the Art Show. The Art Show will be on display at Open Night, held on Wednesday the 9th of May in Term 2.

The projects are of a very high standard and the students are certainly having to use a 'Growth Mindset' to complete them.

5/6 Students applying their Colour Wheel knowledge to artworks.

Our lovely Preps have learnt their Primary colours and are using this knowledge when painting caterpillars

Our Junior Grades have been learning about warm and cool colours.

Some of our Upper Years students learning how to tint and shade a Hue.
