

WHAT'S ON IN GLOBAL CITIZENSHIP ?

What a great beginning to Global Citizenship we have had. Already near the end of Term 3 and the classroom expectations and activities are well underway.

Foundation to Grade 2

Students have compared homes in Australia to other countries. They have also discussed orphanages compared to their homes. Students have commenced their projects 'Me on the Map'. Last week they learnt about the planets in the Solar System and this week they will be learning about the Continents.

Grades 3 to 6

Students have been learning about our Sustainability goals such as Good Health, Well-being and Quality Education. They have begun working on their projects about 'What would life be like for you and your family if you were born somewhere else?' Students are putting their research into a lotus diagram, where they will later create a Powerpoint, to present their information.

-Joanna Gibson and Paul Bailey
