

Extend OSHC at Wandin North Primary School

Hey Everyone,

Hope everyone is well and had a good weekend. Over the next few weeks we will be very busy. We have our enrichment program, community project, harvest market and our new garden project.

For our garden project, if anyone has some spare gumboots at home they don't want. We would be really grateful for the donation.

Below there is a few pieces of information about the enrichment program and community project if any questions or any donations, everyone is welcome to come and talk or bring them in.

Thank you. Talk soon.

Amy, Coordinator– Before & After School Care

Enrichment program!

Over the next few weeks, we will be doing an "Enrichment Program" in After School Care. We will be talking about healthy eating and recycling.

This will involve us making a couple of different recipes a week and learning about different ingredients we will be using. Then at the end of week 8, we will be having an Open Day.

For the Open Day, we will be making the recipes again and whole school community is invited to come into After School Care to taste our food & take away a free cookbook which will contain our recipes.

From the packaging we will collect, we will be making a sculpture or statue. You can all have a look at it when you come in.

Cookbook- We will be compiling a cookbook with all our recipes in it.

Some of the older girls will be designing the cover for our cookbook.

We were wondering if anyone has any favourite recipes that they would like to share with us to add to the cookbook. If you have a favourite recipe the children love to eat or make, we would be really grateful if you shared with us. Bring in a copy or if in a book bring get child to bring it in and I will make a copy.

Please bring in by Monday 11th March 2019

Appreciate anything you can do & Thank you

Amy

Coordinator

Extend Superstar are.....

- * **Maison. D-** helping out around the room/ cleaning
- * **Jordan-** being super creative
- * **Patrick-** making awesome recycled art creations
- * **Kyan-** making amazing lego dinosaurs

What's on next?

This week: *Enrichment program*

Swap & Save!

For our community project this term, we are doing a project called the Swap and Save.

This will start 25th March until 29th March 2019.

We will be having a swap & save week; we will have a trolley outside the room with different items on it that people have donated, like clothes, toys etc (all second hand). If you see something you like bring in something from home you don't want anymore, put on the trolley and take the item you want.
