

WHAT'S ON IN ART ?

Term 3

We had such a great start to term in the Art room. Students were busy working on portfolio tasks that included collage, printing, colour blending, puppetry and sculptures. All of these incorporate our theme of Sustainability - using recycled materials and spreading messages about the importance of taking care of our environment. Whilst remote learning interrupted these tasks, the students' work is ready and waiting for them back at school.

Thank you for the great response to our Clay Art Incursion. We have had nearly half of the school order a clay item. These have been collected and are eagerly awaiting the return of students for completion. Any students who are on site on Wednesdays and have ordered a clay item will be able to paint theirs before the end of term.

It has been wonderful to see artwork coming in from students during remote learning. It is a highlight of my week seeing what is being created at home. Here are some photos of art at home - enjoy!
