

WHAT'S ON IN Indonesian

End of Year Snapshot

As Term 4 comes to a close, we reflect on a truly unforgettable 2021. Although they have faced many challenges and constant changes, our amazing students at Wandin North Primary School have continued to thrive. It has been another fantastic

year of learning Indonesian.

Prep students have learnt about native Indonesian animals such as the orangutan and the Komodo dragon. They have been describing animals using colours.

Grade 1 and 2 students have

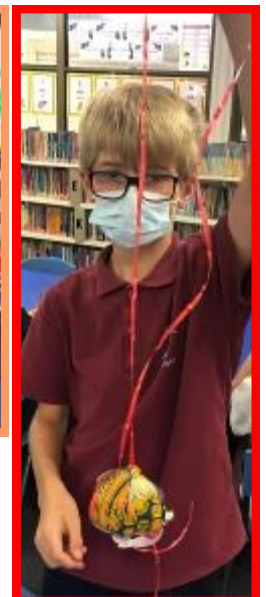

been busy learning about body parts. They have brainstormed ways to remember the words using letter and sound connections. The students have

also learnt the song, 'Kepala, Bahu, Lutut, Kaki', which is the Indonesian version of 'Heads,

Students in **Grade 3 and 4** have recently explored Transportasi. They have become familiar with the vocabulary for transport and have read texts to

further their understanding. The students have enjoyed learning about the becak (cycle rickshaw) and the bajaj (auto rickshaw) - traditional and very unique

modes of transport from Indonesia.

Grade 5 and 6 students have recently presented

role-play scenarios set in a 'pasar' (market). They have worked hard to create scripts and have had fun practising their speeches. The students have also enjoyed creating Christmas craft such as these 'Batik Baubles'.

I would like to extend a huge thank you to all students and families for your ongoing support of the Indonesian program.

Selamat Liburan / Selamat Natal / Selamat Tahun Baru!
