

Hello everyone!

Over the month of July at Wandin North TheirCare, we were exploring foods from different countries. We had iced spicy gingerbread from Germany, Tim Tams and fantales from Australia, we made pizza for Italy and tacos for Mexico. The children loved this trying new foods. We decided to do it again term 3 but with colours of the rainbow.

This term Wandin North TheirCare, we have been exploring different coloured foods over last few weeks. We had lemons, limes, snow peas, peaches, pineapple juice, apricots, corns, green fairy bread, oreos, pomegranates, coconut ice, passion fruit, plums, liquorice, teddy bear biscuits, dates etc. It was fun to see what the kids have had before and what they were willing to try. We made different activities with each colour, red birds, turtles, pots and so on. Lucinda loved the pomegranates. She ate 3/4 of packet. Haha. For the pink day, I made the kids a slice called coconut ice. Some children loved and some didn't.

Olivia bought us a little friend back from Bali. Now Daisy North and Gumleaf Wandin have a new friend to play with. We voted on a lot of names and finally came up with one, Bananas Warburton.

They look very happy together. Daisy and Gumleaf have a profile, bananas does now too.

The children were very excited to give it a name, they love it.

Amy

TheirCare Before and After School Care coordinator

Community Project:

Over the holidays, the lady from Box Hill hospital came to my house and took all the bags to the children's ward. She was very grateful. I got a phone call from one of the other nurses today and she said a HUGE thank you to everyone who donated. She has given a few out to the children and she said they were so excited to get them. She also said she has taken some photos with some of the nurses holding the bags for us to see.

HUGE THANK YOU TO ALL!!
