

# WHAT'S ON IN ART

## Term 3 2022

Our WNPS students are well underway in creating some wonderful art pieces for Term 3! We have loved seeing the level of enthusiasm our students are bringing to class each week. Let's see what is happening in each year level! Make sure to check out the new displays in the office!

## Junior School- Art In Literature

In Term 3, students are studying Art In Literature. We are exploring some of our favourite authors and illustrators such as Alison Lester, Jeannie Baker and Nick Bland. We are learning about the different steps and techniques these illustrators use to create illustrations that we love to look at and read about. Below are some photos of the prep, grade 1 and grade 2 students creating their first art piece for the term, inspired by Alison Lester's 'Are We There Yet?'.

### Australian Animal Stencil Collage

## Grade 3/4- Collage

Our Grade 3/4 students have been studying the artist and illustrator/author Jeannie Baker this term. Jeannie uses collage to create each of her illustrations. Each piece/picture is so lifelike that they look like photographs of actual places. Over the course of the term, we will be experimenting with 3 styles of collage; paper, found objects and food. Students have written a story and each of their collages will be used as illustrations for their story.

### Items that would be greatly appreciated!

We would love for any dried food pantry items you no longer need to assist with the Grade 3/4 collage pieces. Items such as rice, lentils, split peas, barley and pasta would be amazing!

## Grade 5/6- Animation

Our Grade 5/6 students are very excited to be working on Stop Motion Animation after our excursion to ACMI last term. In small groups, they have planned a story that they will be making into an animation. The school has purchased iPad stands and the app 'Stop Motion Studio Pro' to help our students make the best animations possible. Last week they began designing and creating their background scenes and we will begin making paper characters in the coming weeks. We can't wait to share the finished animations at the end of the term!
