

WHAT'S ON IN INDONESIAN

Term 4: Oktober Selamat datang kembali ke Bahasa Indonesia! Welcome back to Indonesian! Our amazing students have made a successful return to the classroom after their restful break. This is what they've been up to so far:

Prep students learning the 'Balon Balon Saya' text by Anne Helyard. A great resource for number and colour revision. They also created their very own 'Balon Batik' posters.

Batik (bah-tihk) is a traditional process of applying dyes and wax to fabric to achieve detailed and colourful patterns.

Grade 1 and 2 students completing sorting tasks and 'Binatang Hilang' posters.

During Term 3 and 4, students in **Grade 1 and 2** have focussed on 'Binatang' (Animals). They have used their knowledge of numbers, colours and other simple adjectives to create sentences about animals, in particular, those that can be considered pets. These are referred to as, 'Binatang Kesayangan' (bin-a-tung ke-sigh-

Students in **Grade 3 and 4** have spent lessons on learning how to tell the time in Indonesian. Students created their own 'jam' clocks to assist with specific time phrases. They have also refamiliarised themselves on 'Pakaian' (Clothing) to tie into the topic of 'Sekolah' (School).

Grade 5 and 6 students have begun focussing on the text, 'Kotaku Hebat!' (kota-koo heh-but), which means 'My City is Great!', by Daniel Bradbury. The text has provided an insight into what the busy and bustling life is like in Jakarta, Indonesia's capital city.

Terima Kasih dan Sampai Jumpa
