

Hello everyone!

At the end of last term, we were making footy and spring activities. The children loved the spring activities. We did a few different rainbows, they love rainbows. For the footy, we made pom poms, big (foam) paper fingers etc. We also made our Father's Day present at the end of August ready for Dad/ special person. Hope they loved the presents we made.

As for the last week of term 3. Thank you to everyone who gave us some cultural foods. The children love to taste new foods. Some children were a bit unsure and some got straight into the food.

We had a good time over Vacation care. We went to play some mini golf, we made our own foosball table and our own little green house, we had a footy incursion, we made some yummy recipes and lots of other interesting activities.

Hope everyone had fun with the extra long weekend and a 3 day work week.

Over the next 2 weeks, we will be exploring bugs, flowers and plants. We are making bugs out of all different materials, we will be improving our garden, making flowers out of all different materials. The week Amy is back, we will be making our own special plants with some help from Amy's dad. Will be very exciting to see the end result.

Amy will be back to normal Monday 17th October. The kids have missed her. She will have missed us too. According to them she wasn't allowed to go in the first place. Maybe she will bring us a special animal/person for our collection to sit on the shelf with Daisy, Bananas and Gumleaf, they will be very excited to have a new friend.

Kinds regards

TheirCare Team
